

Concrete nailer  
for steel nails

## BeA Cordless Nailer CN40-668E

- Excellent performance
- Well balanced
- Comfortable rear loading magazine
- Depth adjustment
- Rafter hanger
- Levelling foot for 90° nailing
- Rubber protection for dirt and debris
- Single shot actuation
- Powerful battery
- Indicator lights for battery charge
- For steel nails in lengths from 15 - 40 mm

### Applications

Metal studs to sand lime bricks, concrete, steel girders, metal to metal, wood to concrete, steel

SPEED. POWER. RELIABILITY.

# BeA CN40-668E

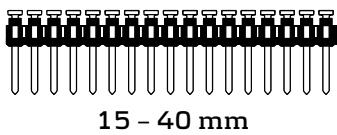

## Technical Data

Type description	CN40-668E
Item code	12100517
Magazine Type	Rear loader
Safety system	Single shot
Fastener type	Steel nails, plastic collated 0°
Nail length	15 - 40 mm
Magazine capacity	40 Nails
Nails per strip	10 Nails
Shots per second	2 - 3 shots / sec
Shot limit	1,000 shots / hour
Charge time of battery	120 min
Battery voltage	6 Volt
Shots per Charge	Up to 4,000
Shots per fuel cell	Up to 1,100
Dimensions L/B/H, mm	374 / 108 / 378
Weight	3.8 kg
Emission sound pressure level at the workstation	L <sub>pA, 1s, d</sub> = 97,4 dB
Single shot emission sound pressure level	L <sub>WA, 1s, d</sub> = 100,8 dB
Vibration level as per ISO 8662-11 is	3.67 m/s <sup>2</sup> .
Accessories supplied with the tool	Sturdy case, two high capacity batteries, charger, safety glasses, instruction manuals

Subject to technical modifications

## Steel nails, plastic collated 0°

Steel nails	= plastic collated
Diameter	2.6 - 3.0 mm
Length	15 - 40 mm
Material	Steel, electroplate galvanized
Surface properties	Smooth
